SUBJECT: **DEPARTMENT OF HEALTH SERVICES' (DHS)
FISCAL OUTLOOK (BOARD AGENDA, ITEM S-2
JULY 1, 2014)**

This is to provide DHS' fiscal outlook for Fiscal Years (FY) 2013-14 and 2014-15. The Department is currently projecting a surplus of \$94.1 million for FY 2013-14 and \$56.8 million for FY 2014-15 (see Attachment I).

FY 2013-14

The Department funded the FY 2013-14 costs for the Online Realtime Centralized Health Information Database (ORCHID) within existing resources without use of commercial paper. The budgetary surplus for FY 2013-14 reflected in this report is attributable to revenues from prior years.

FY 2014-15

The Department also expects to fund ORCHID costs for FY 2014-15 within existing resources without use of commercial paper. The projected surplus is net of the AB 85 realignment redirection.

The Department continues to review the impact of the Affordable Care Act on payer mix, utilization, volume, etc. The data is expected to become more accurate over time and will be useful in determining the system modifications that may be necessary to meet the challenges of the new health care environment.

Attachment II provides information on key workload indicators by facility, comparing FY 2012-13 actual data to FY 2013-14 projections.

If you have any questions or need additional information, please let me know.

(A) Includes Multi-Service Ambulatory Care Centers and Comprehensive & Community Health Centers.

(B) FY 13-14 projection is based on the April 2014 workload reports.

(C) A number of specialty services are being transitioned to LAC+USC Medical Center as a result of efficiency and patient care coordination efforts.

(D) With enhanced organization of the primary care delivery system that patients are being seen in primary care setting, DHS experiences less urgent care visits than in the prior fiscal year.

(E) Starting in January 2014, with the Affordable Care Act implementation, only the Healthy Way LA Unmatched Program visits remain with DHS. The Matched Program patients became insured with Medi-Cal Managed Care and their medical home assignment is now outside of DHS operations, resulting in the Matched's visits no longer being reported under DHS.
